

Photo and Film Policy

German Saturday School Bristol

Deutsche
Samstagsschule
Bristol

From time to time, we publish photos and videos taken of students in lessons or during events at the German Saturday School Bristol.

Our photographer takes photos during events such as carnival or Christmas. If you wish for your child not to appear on any photo which might be published on social media, in print media or in our communications, this has to be communicated with the photographer on the day. If for any reason you don't like a photograph or video on social media where your child appears, please inform any committee member and we will immediately remove the picture or blur the child's face.

During the enrolment process, parents are asked to give or withdraw consent for teachers to take photographs during lessons and for those photographs to be published on social media, in print media or in our communications.

Teachers and assistants will only take photographs of children if parents have given consent.

Parents (for children under the age of 16) and students can give or withdraw consent for media appearance at any time.

We never publish student names in connection with photos and video material without having received explicit consent from parents/students.
